Dear Walter:

Enclosed is a copy of my letter to Mr. Dulles — for what it's worth. You know, we can edit these recorded programs after they are taped and there really shouldn't be any security trouble then; he could take out any part he might be concerned about in that regard.

Any thing you could do to help would certainly be appreciated.

Sincerely,
Nancy *dx*

P.S. You owe me a favor — after all, you would not even hire me!
